The Dearborn Hills' Student Ministries has progressed over the past 1 to 1 ½ years and the ministry is ready for the next step in establishing a solid foundation for the future (benefiting both current students and those to come).

I am excited to offer every student the opportunity to apply and be a part of the Student Leadership Team (SLT). This team will consist of students who are interested and able to make the team a priority in their life. Those students who make Christ a priority and are willing participants in helping other in life and faith. The team will meet on a monthly basis for leadership development and planning, and will be encouraged to make every effort to be involved in a small group, Sunday School and at other youth functions regularly and will do some community service as a team.

The team will consist of students in 7th to 12th grade. Each person has the same right and responsibility.

Please prayerfully consider filling out and application and the commitment needed to be on this team. I know God will bless you in your leadership role today and in your future. May you successfully discern becoming a Student Leader.
